

Chris Stephens has been a Physician Assistant in orthopedic surgery with Dr. Christopher Browne at Advanced Orthopedics of Oklahoma (AOK) at the Eastern Oklahoma Orthopedic Center (EOOC) division since 2009. He graduated from the University of Utah with a Masters of Physician Assistant Studies in 2009.

No stranger to practicing medicine, Chris had approximately 15 years of experience as a Paramedic working at EMSA, Hillcrest AirEvac and EagleMed before becoming a Physician Assistant. During that time, he taught countless classes in all areas of emergency medicine. He periodically still teaches classes and currently maintains his Paramedic licensure.

When not at work, Chris stays busy at home with his family. He has been married 24 years and has three children. He loves to play board and card games with family and friends. As a competitive sportsman, he played softball weekly until he broke his leg, so he umpires instead. He still plays pickleball. He is an active leader at his church and volunteers at Neighbor-For-Neighbor on a monthly basis.
